Subhashis Mollick

Senior Software Engineer
London, United Kingdom — **+44 7397 158640** — **smollickcseiu@gmail.com**
LinkedIn: linkedin.com/in/subhashis-mollick — **GitHub:** github.com/subhashiscse — **Portfolio:** subhashiscse.github.io

Senior Backend Software Engineer with almost 6 years of experience designing and building scalable backend services and RESTful APIs in contract and delivery-focused environments. Strong background in Python, Node.js, .NET, and PostgreSQL, with hands-on experience in microservices architecture, system design, and full SDLC ownership. Proven ability to work in hybrid teams, deliver greenfield backend solutions, and improve system performance, reliability, and maintainability.

Work Experience

Senior Software Engineer - Selise Digital Platforms **Apr 2020 - Present**

- Designed and developed scalable backend services and RESTful APIs used by multiple client-facing applications.Worked with Python, Node.js, and .NET to deliver backend components aligned with clean architecture and OOP principles.
- Integrated a centralized event log system using Docker and RabbitMQ, resulting in a **30% improvement** in application transparency and manageability.
- Designed an elevator management system using C#, applying system design principles, achieving significant **speed improvement** and reducing costs by **$5-6k USD/month** for the client.
- Implemented a dashboard system using Azure Functions and Cosmos DB in an Agile development environment with Git version control, consolidating summaries and achieving a **20% improvement** in data accessibility and a **50% reduction** in navigation time.

Personal Projects

Contest Performance Tracking System | *.NET Web API, MongoDB, HTML, CSS, JavaScript, REST API*

- Analyzes the performance of users participating in contests across various online judges and evaluates the performance metrics, providing valuable insights into their achievements and progress.

Task Management Dashboard System | *Angular, Node.js, WebSocket, MongoDB, Docker, Nginx Server as Proxy*

- This full-stack web app offers a real-time task management dashboard with automatic updates every minute, MongoDB persistence, and a Dockerized setup with Nginx proxy.

Chat Application | *HTML, CSS, JavaScript, Java Spring Boot, WebSocket*

- Engineered a real-time communication platform utilizing WebSockets, enabling 100K members to engage in simultaneous conversations, fostering seamless interaction and reducing latency.

Department Digitalization System | *HTML, CSS, Bootstrap, JavaScript, jQuery, PHP with CodeIgniter framework, MySQL DB*

- Resulted in improved accessibility and efficient maintenance of teacher, student, and staff details, student management, department maintenance, class routine, and student attendance.

Technical Skills

- **Programming Languages & Frameworks:** C++, C#(.Net), Java(Spring Boot), Node.js, Python (REST APIs, backend services), JavaScript, TypeScript, Angular, React, Machine Learning
- **Databases, Messaging & DevOps**: MongoDB, SQL, RabbitMQ, Docker, Microsoft Azure, Git, REST APIs
- **Architecture & Development Methodologies**: OOP, Data Structures and Algorithms, Design Patterns, System design, Microservices, Distributed Systems, Software Development, Agile Development
- **Soft Skills:** Mentoring, Team player, Problem-solving, Collaboration & communication, Quick Learner & Time Management, English Communication

Achievements

- **Instructor** (Job Interview Preparation) and **Technical Interviewer** in CPS Academy
- **Awarded as a Rising Star** in my product unit (Mobility & logistics), Selise Digital Platforms.
- Achieved 1st, 2nd, and 3rd position in Inter and Intra Department Programming Contest, CSE, IU
- 25th in Kuet Bitfest IUPC 2019 **(Top 23%)** — IU_Lazy_Tortoise
- 32nd in MBSTU 1st Carnival 2017 **(Top 33%)** — IU_Rockers
- 37th in BUET IUPC 2018 **(Top 45%)** — IU_Downfallen
- Qualified for the prestigious ACM ICPC Dhaka Regional Contest 2017 to 2019, NCPC-2020 & 15+ national contests. — Reference
- Problem Setter and Judge – SELISE Coding Challenge 2020 & 2023. — Contest Link

Education

University of Greenwich, Greenwich Campus, London **Sep 2025 - Present**

- M.Sc in Computer Science

Islamic University, Kushtia, Bangladesh **Apr 2015 - Aug 2022**

- B.Sc (May 2015 - Oct 2020) & M.Sc (Nov 2020 - Aug 2022) in Computer Science & Engineering - (Nov 2020 - Aug 2022)

Online Profile

- Codeforces ID: (Subhashis_CSE) (Max: 1596) - **Top 11%** among 600,000+ users.
- LeetCode: (subhashis_cse) (Max: 1788) - **Top 10%** among 600,000+ users.
- Solved 5400+ problems and participated 640+ online programming contests. **Top 1%** in highest problem solver rankings. — Reference
